

internet/model/tcp
-socket.h

```
graph BT; A["internet/model/tcp-socket.cc"] --> B["internet/model/tcp-socket.h"]
```

The diagram consists of two rectangular boxes stacked vertically. The top box is shaded gray and contains the text 'internet/model/tcp-socket.h'. The bottom box is white and contains the text 'internet/model/tcp-socket.cc'. A blue arrow points from the top edge of the bottom box to the bottom edge of the top box, indicating a dependency or relationship between the two files.

internet/model/tcp
